AFL-CIO Community Services follows the standard practices established by the Alliance of Information and Referral Systems (AIRS) for inclusion/exclusion criteria. Criteria determine the organizations that will be included in or excluded from the resource database.

The agency/service provider may be either government or non-profit 5012-(C). For-profit organizations and unincorporated groups meeting critical human service needs which are not covered by a governmental or non-profit organization may also be included following review.

Disclaimer:

Special conditions may apply for agencies and or programs that serve vulnerable populations, programs will be reviewed for inclusion. Inclusion of a program/service does not in any way represent or imply a determination or approval of the quality of those services; nor does it imply endorsement by AFL-CIO Community Services. Exclusion does not reflect on any organization's contribution to the community.
